## Annual Christmas Party

Its hard to believe another year has gone by, time flies so fast.

The Christmas party was a great success, I heard many comments on how everyone enjoyed the time together. We had 43 in attendance, great turn out. Everyone enjoyed the gift exchange and we had some good hearted steeling going on.

Remember that the Christmas Party was the December club meeting, so don't show up at the Masonic lodge later this month.

The new year brings with it a new administration, I hope to work with Paul and Mike on a smooth transition of power. It is inevitable that some things will change and some will stay same, but the end goal is for

the club to continue and prosper. I have had 2 great years and have worked to separate club functions from personalities, so that if someone in a key position decides to leave the club, the club will continue without a major disruption. Amendments have been made to the bylaws and we now have a functional Board of Directors and not just titles.

I look forward to a new year with new people, new activities, and continuation of old activities. You get the most out of a club when you participate , even if all you do is check into the club nets.

The next major upcoming event is Winter Field Day. Last year was the first time the club participated and it was held at our house and I again offer our property to host this event. TARC trailer is in good shape and the tower trailer itself is operational but we still need a more permeate and operational antenna to put on top of it.

Good luck to the new administration.
